

Setting up the Person with Dementia for Success

SOME CONSIDERATIONS...

- Safety needs? Driving, cooking etc.
- Medical needs? Reminders to take meds
- Diet? Reminders to eat or drink
- Daily routine? Sleeping and eating schedule
- Stimulation? Appropriate activities
- Acceptance? Support and understanding

**Don't assume services can't be provided in certain environments.
 Often, we can arrange the services needed to supplement other care
 so the person can live where they want**

THE OPTIONS

- | | |
|--------------------|-----------------|
| Home Care | Home Health |
| Independent Living | Assisted Living |
| Memory Care | Respite |

..SOME MORE

- IL/AL/MC requires:
 - Physician's Orders stating person is clear of contagious disease, listing current medications and recent TB test
- Sooner rather than later...
 - don't wait for a crisis
 - easier to acclimate
 - peace of mind for family
- Setting up for success:
 - can be done in a variety of environments
 - individualized care for each person/family
